SOME PEOPLE TALK ABOUT A SECOND AMERICAN REVOLUTION
When they know very little about the first. The book "Nature's God" by Matthew Stewart talks about the heretical origins of the American Republic, & it is unconventional, unorthodox & radical. It is a difficult book to read, & most people won't be able to handle it. It took me over a month to read it the first time because I had to look up words I didn't understand & do research on people I wasn't familiar with. The author is highly educated with degrees from two universities, Princeton & Oxford. See comments on Amazon & challenge me to a debate, maxtug@earthlink.net. Paid Advertisement

SPOKANE VALLEY CITY COUNCIL
TUESDAY, JANUARY 6, 2026 | MEETING RECAP

This week's Spokane Valley City Council meeting began with the pledge of allegiance and approval of an amended meeting agenda to allow for Council comments.

General Public Comments

Each week, community members have an opportunity to address Councilmembers for up to three minutes during the General Public Comment period, either at the beginning or end of each meeting, either in person or via Zoom.

ACTION ITEMS

#1 – Council Officer Selections

Every two years, at the first meeting of the year, Councilmembers are required to select a presiding officer from their number, who then receives the title of Mayor. Following the selection of Mayor, the group selects a Deputy Mayor. The City Clerk described the details of the council officer selection process.

Councilmember Laura Padden was selected by majority to serve as Mayor and Councilmember Tim Hattenburg to serve as Deputy Mayor for 2026 and 2027.

Watch the presentation and view the memo and supporting documents.

NON-ACTION ITEMS

#2 – Franchise Ordinance 26-001 Forget Fiber 37, LLC

Staff provided background information on a franchise between the City and a utility provider which governs the utility provider's use of public rights-of-way. AT&T Inc. ("AT&T") recently acquired some fiber assets from Lumen Technologies, Inc. ("Lumen"). The deal is set to close in the coming months. Some of the assets and associated facilities are located within the city's rights-of-way. Forged Fiber 37, LLC ("Forged Fiber") is a subsidiary of AT&T, and will receive some of the assets acquired from Lumen. The City may see an expansion of the Forged Fiber network in the coming years. There was discussion about the protections afforded to city streets by the franchise, municipal code, and pavement cut policy. AT&T has reviewed and has agreed to the draft franchise terms. If approved, the franchise will be in effect for ten years, which is consistent with the city's other telecommunication franchises.

The Council reached consensus to place proposed Ordinance 26-001 on a future agenda for a first reading.

Watch the presentation and view the memo and supporting documents.

III. FACTS

OPERATION DOG TAG

OperationDogTag.org

To my fellow Veterans and the Spokane community, I have a wife and son and the both of them are very beautiful and life fulfilling to me. I am a combat vet from Iraq and permanently disabled. I really had not much to do except focus on what was going on inside my head, and pondering on the chaos this war has caused me, as well as to those of you who have also experienced war as I have. While my wife and I were walking through the Northpointe Shopping Center, we came across some flyers on a table display for Operation Dog Tag. My wife continued for a week urging me to call Operation Dog Tag and see what could be done for my depression and anxiety.

I did call and talked with the trainer, Joe Scheffer. Joe told me these dogs are much more than just your everyday pet. They are your battle buddy and best friend, especially for the invisible wound that's known as PTSD (Post Traumatic Stress) and TBI (Traumatic Brain Injury). A week later Joe called to tell me he found a 7 month old female Rott named Abby. And to my surprise, Abby was the most wonderful and smartest dog I have ever had the pleasure to work with. You could see that her eyes expressed a lot of emotion and sometimes she would do something silly and make me smile. Abby has changed my life and the family's. We have had Abby for a short time but she has a place in our home and in our hearts. To smile is a big deal for those of us combat veterans with scars that can't be seen with the naked eye. I will never think of a dog as just a dog again, because Abby has become my best friend and battle buddy. And we will walk together, one day at a time, for whatever the future has in store. Thank you Joe and to that wonderful organization Operation Dog Tag.

Nathan Murphy with Abby, his new 7 month old female Rottweiller, his wife Christine and son Adam

Fishing Magician

Dave Vaughan

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net "The Outdoor Insider"

I can report that the trout fishing is still very good for nice sized trout at Fish Lake, near Lake Wenatchee. With the late winter and fairly mild weather, there should be good fishing for trout on many of the lakes in our region.

I was going to play Santa for some friends that live at Lake Wenatchee recently, and I decided to stop by Fish Lake on the way. It took me a little while longer than anticipated as heavy snow began falling as I drove up the Chumstick Valley. Then, as I reached the steep, winding road down to Plain, I hit stop and go traffic. One of the trucks that was hauling materials for the repair of Highway 2 had run off the road and that had it choked down to one lane. When I finally reached Fish Lake, I took the time to shoot a short video showing the conditions. A few days later, the sun had come out here in Leavenworth and when I checked the web cam at the lake, I saw it was bright and sunny up there. I couldn't resist making the drive up there. It's such a beautiful spot in the winter. I shot another short video to show the contrast of how the weather can change so quickly this time of year. I noticed a skim of ice on the water at the Cove, but we are a long way off from ice fishing at this popular lake. Later in the week I returned to Fish Lake. Rollie Schmitten and his grandson Noah were going to be fishing here and invited me to join them. On their last trip the person on the dock with them found fishing below a bobber, and not on the bottom was working the best, so they were rigged up that way, and I brought two bobber and jig rods with me. We were getting bites but having trouble hooking the trout that were nibbling on our shrimp baits. Finally, Noah hooked a fish that measured 14 inches. Then another angler came down to the dock and started fishing. He was fishing on the bottom with the same bait and immediately landed a 16-inch fish, and another one shortly after. Well, we learned that what Scott West, owner of the Cove Resort, had told us earlier was correct. To catch the trout at Fish Lake right now, put a weight on the bottom, two hooks above that and put cooked and dyed shrimp on the hooks. It works! This week's photo is of Steve Mikkelsen with one of the fish he caught off the dock at Fish Lake.

I mentioned that I have plans to visit several fishing destinations this winter and I thought I would mention some of my favorites. In the early winter, before there is enough ice on the lakes in the region for safe ice fishing you will often find me in the Grand Coulee Dam area. I have had some great days fishing for trout from the shore at Spring Canyon. I walk down the beach below the swimming area and look for a place where I think my bait will be in ten to twelve feet of water. I set two rods in holders and wait for a bite. Another place I have had great success on trout is at Keller. I drive to the park below the Keller Marina and walk down to the beach. I usually set up at the last access, but there are several other spots where people fish along this park. I have even seen people fishing from the shore in the marina bay. My friends and I also like to fish from the shore at the Colville Net Pens site. I have spent many cold winter days enjoying hot fishing at each of these locations.

When I am thinking about where I want to go for some good fishing, I will often look back at what I was doing at this time of year, maybe even a few years ago. I don't keep a journal. I use my photo library, and my phone will show me "Memories for this Day" in the past. This morning it showed me a photo of my brother in law, Tom Vershuren, with a very nice rainbow. It was taken at the beach at Keller. I remember this day very well. It was the first time that I had taken Tom to fish from shore at Keller, and we had such good success that he has accompanied me to this same spot several times in recent years. We were fishing from the Federal Park with two rods each and casting a shrimp and marshmallow combo as far as we could. We never had to wait long for one of our four rods to start bouncing. If I remember correctly we both had our five fish limits in less than two hours. The fish ranged in size from 16 to 21 inches. It was a sunny day in early January and we had a blast.

As you have probably noticed through my reports that I like to fish several locations in Okanogan and Grant County in the winter months. I am constantly looking at the weather forecast apps on my phone to determine which highways I should travel to reach these destinations. Driving in snow, ice, and freezing fog can be nerve racking. Even when it's not snowing or foggy it can be difficult to see the edges of the highway due to the low contrast light. If I am going to fish in the Grand Coulee Dam area, I will often drive up the day before and spend the night at the Grand Coulee Center Lodge. The rooms are nice and they always ask if I am bringing a boat so they can save a space for me. They have power available to charge my bow mount motor batteries, too. There have been many times that I wish I had done this, instead of driving through a snowstorm or across the plateau from Waterville in dense and often freezing fog in the morning. Too many white knuckle trips. I would rather be in my warm room watching a football game instead.

One of my plans for next week is to try steelhead fishing on the Snake River. I will share all the details with you next week!

Real Estate Trends & Advice

PLAN FOR THE FUTURE!

Whether you are planning on purchasing a home this year or in the future, proper preparation can make the process smoother, less stressful and more successful. Before you start browsing the internet to find that perfect home, it is important to take a few key steps to ensure you are financially ready and searching inside your means. No one wants to fall in love with a home only to find out it is out of reach financially.

Talk to a lender early. The first step is speaking with a lender or mortgage professional. A lender can help you understand how much home you can realistically afford, explain loan options, and outline expected monthly payments. They will review your credit score, down payment, and income. There are many loan types and programs available. Can you qualify for a loan, or do you need to take time to improve your credit and save a down payment?

Improve Your Credit Score. Your credit score plays a major role in determining your loan eligibility and interest rate. Making payments on time, paying down debt, and avoiding new credit inquiries can help improve your score. If you don't have a credit score yet, visit with your lender on how to responsibly build your credit. Even a small increase in your credit score may lead to better loan terms and savings over time.

Saving for a down payment is one of the biggest financial steps in buying a home. While some loans allow for lower down payments, having more saved can reduce your monthly payment and may eliminate private mortgage insurance (PMI). In addition to the down payment, plan for closing costs, inspections, and moving expenses. Setting up a dedicated savings account and creating a budget can help you stay on track.

Budget and Expenses. Take a close look at your monthly budget. Consider not only the mortgage payment, but also property taxes, insurance, utilities, maintenance, and potential homeowner association fees. Understanding your true housing costs will help you buy confidently without stretching your finances too thin.

Needs and Goals. Think about what you want in a home and how it fits your lifestyle. Consider location, commute times, schools, size, and future plans. Knowing your priorities will help narrow your search and keep you focused.

Work with a Real Estate Professional. A knowledgeable real estate agent can guide you through the process, answer questions, and advocate for your best interests. From understanding market conditions to negotiating offers, professional guidance can make a significant difference.

JAKE SWIGER: 2025 QLISPE RACEWAY SUPER PRO CHAMPION

AIRWAY HEIGHTS, Wash. — If Johnny Cash were still alive and wanted to pen new lyrics to his song, "I've been everywhere," he could have tagged along with Qlispe Raceway's Super Pro Eliminator 2025 champion, Jake Swiger.

His trips from home in Valley, Wash., located south of Chewelah, to Airway Heights to race were short by comparison to the rest of his 2025 season that saw Swiger, often accompanied by many if not all his family, travel the West in search of more success on the racetrack.

Locally he and his 1967 GTO collected 287 points, just enough to finish ahead of Greenacres, Wash. dragster competitor, Justin Jones with 278.

Consistency was the magic potion for Swiger's run to the title in the track's quickest bracket.

"We finished the season with a lot of quarter-finals semi-finals and runner up's but couldn't quite take the top spot at many races," he explained in an email.

In all Swiger, 43, estimates he put some 12,000 miles on his motor home and tow rig. "It was a steady every weekend since March in Tucson up until the Thanksgiving race in Vegas," he said.

"We took a whole month off and went from Tucson to Las Vegas got the kids licensed in Vegas and raced the GTO there," Swiger said. Then it was back to Phoenix and raced even more. Then they returned to Las Vegas for the "Spring Fling" with the GTO.

Add in trips to Firebird — both in Boise and Phoenix — Tucson, Woodburn, Bremerton, Renegade, Walla Walla and Mission in Canada.

He raced 10 separate tracks this year including the Division 6 ET finals in Mission, British Columbia representing Qlispe Raceway.

"For taking almost a 20-year break from racing while busy with raising a family, we jumped both feet in," Swiger said.

Aside from the Qlispe title, other notable efforts for Swiger in 2025 came at the Halloween Classic at Boise's Firebird.

Swiger is self-employed and supports what he called his "bad habit" by owning and operating Jake's Repair LLC where he works on diesel equipment repair and custom fab work with CNC plasma table.

"We also farm and sell hay throughout the summer," he added.

Dad is not the only champion in the family, either.

"Revy our youngest son is a junior dragster racer and captured the championship in Walla Walla this year," Swiger said.

Swiger wants to acknowledge his family who are an integral part of his operation, and success.

"I'd like to give thanks to my wife Amanda and my six kids — Matthew, Kassandra, Bradlee, Serenna, Jacob and Revy for allowing me the time I have spent away from home the last few seasons."

Also add to that "Scotty Wear, George Leblanc and Micheal Winston for all the advice throughout it all," Swiger said.

Swiger and his wife both raced in high school and during the Orville Moe days at the raceway. Both families were regulars at the track. Swiger is a 2001 graduate of Mary Walker HS in Springdale.

Following a break while raising a family, he returned to racing three years ago. Swiger was able to relaunch his racing pursuits in a 1967 Nova once owned by his father. His father sold the car about 10 years ago, but Swiger was able to locate it and return it to the family.
